LOT #1

Riley is a Black and White, rough coated registered Border Collie. He is of the Lonerider bloodline, and traces back to the toughest cattle dogs in Texas, Oklahoma, and New Mexico. ‘Riley’ is friendly and willing to work. He had a late start, but is currently coming along well. He knows his flanks, fetch, look back commands, etc. The only thing he needs at this point is...work.

LOT #2

Tye is a Lonerider Breed Dog; his bloodlines trace back to some of the toughest cattle dogs in Texas, Oklahoma, and New Mexico. He is bitable, easy to handle, friendly, and always ready to work. In addition, he was trialed last year and did extremely well for a yearling, always finishing in the top 60% of his ranch class. His sire is the toughest pasture dog I have ever owned. He has been used in the pasture on yearlings and reads his stock extremely well for a young dog. This just in…..‘Tye’ placed 4th out of 24 dogs at the Winward, Oklahoma trial! It was a tough trial and cattle were hard to handle. Good Job Tye!
