Superior Livestock Vaccination Programs
Designed for Your Management Practices

Management requirements:

- Please consult your veterinarian or health advisor when selecting the vaccine that qualifies for these programs.
- Always read and follow vaccine label directions.
- Always use proper injection sites and techniques. Whenever possible, use Sub Q labeled products.
- Provide adequate nutrition and minerals to enhance immune system.
- Include other vaccines or management practices that are unique to your operation or are of value to the calf purchaser.

---
